

Installation Kit

Diesel Engine Air Intake Shutoff Valves

Key Features and Benefits

- 4 ply hoses handle pressure/vacuum spikes during emergency activation
- Kits contain all the components needed to complete your installation
- Valves and kits available together

Overview

Installation kits are available for all AMOT, Chalwyn and Roda Deaco Air Intake Shutoff valves. Each installation kit contains the hardware required to facilitate the installation of the valve into a diesel engine air intake line, saving you time and money. Hundreds of different installation kits are designed to meet specific engine model and application requirements and can range from hose with clamps to custom intake pipes, elbows, flanges, brackets, etc.

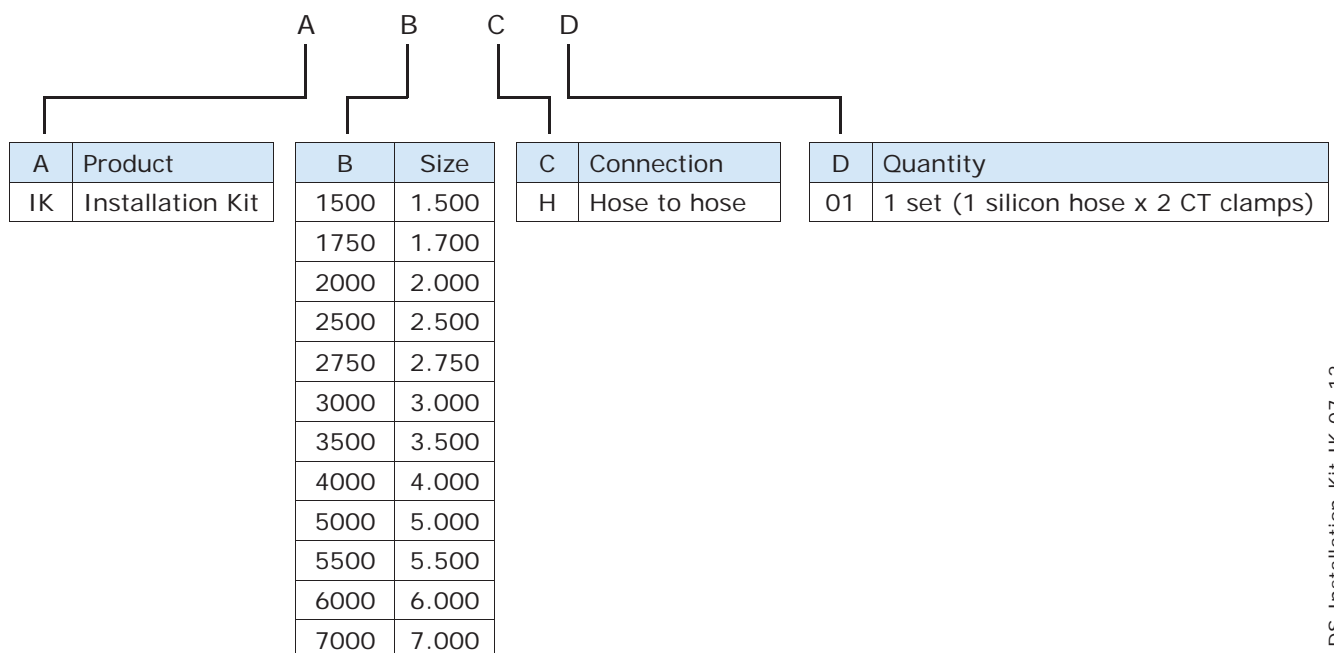

Custom Kits

Besides mounting kits for hose to hose applications, we offer kits for special applications requiring hump hose, elbow, heavy duty clamps, etc. For information on special application kits, contact AMOT customer service.

How to Order

Example: Model **IK** - **1500** - **H** - **01**

Installation Kit

Kit Includes

Kit Part No.	Content	Valve Size (in.)
IK-1500H-01	(1) Silicon Hose (1-1/2" x 2" L) (2) CT Clamps (2")	1.5
IK-1750H-01	(1) Silicon Hose (1-3/4" x 2" L) (2) CT Clamps (2")	1.8
IK-2000H-01	(1) Silicon Hose (2" x 2-1/2" L) (2) CT Clamps (2")	2.0
IK-2500H-01	(1) Silicon Hose (2-1/2" x 3" L) (2) CT Clamps (2")	2.5
IK-2750H-01	(1) Silicon Hose (2-3/4" x 3" L) (2) CT Clamps (3")	2.8
IK-3000H-01	(1) Silicon Hose (3" x 3" L) (2) CT Clamps (3")	3.0
IK-3500H-01	(1) Silicon Hose (3-1/2" x 3" L) (2) CT Clamps (3-1/2")	3.5
IK-4000H-01	(1) Silicon Hose (4" x 3-1/2" L) (2) CT Clamps (4")	4.0
IKS-4000H4000H-02	(1) Silicon Hose (4" x 3-1/2" L) (2) CT Clamps (4" x 6" L)	4.0 Cummins ISM/ISX
IK-5000H-01	(1) Silicon Hose (5" x 3" L) (2) CT Clamps (5")	5.0
IK-5500H-01	(1) Silicon Hose (5-1/2" x 3" L) (2) CT Clamps (5-1/2")	5.5
IK-6000H-01	(1) Silicon Hose (6" x 3" L) (2) CT Clamps (6")	6.0
IK-7000H-01	(1) Rubber Hose, Black (7" x 2.5" L) (2) CT Clamps (7")	7.0
